

## Blue-Jays Sudoku

Sudoku features a 9x9 square divided into 9 3x3 squares. The objective of classic sudoku is to enter a number from 1-9 in each box so that each row, column, and 3x3 square contains exactly one of each number. We are using the word BLUE-JAYS (including the hyphen (-) to make this puzzle more interesting. The goal remains the same: every row, column, and 3x3 square has to contain one of every letter (and hyphen) used in the game.

# BLUE-JAYS

L					S		B	U
U				Y	B			
		-	A			J		
E	Y			-		A		
	L		U	B			-	
		B		J			L	Y
		E			-	B		
			Y	U				A
S	-		B					L
